

yesterday

- LAURA SPRINT 6: documented Admin-Extra view, created & documented Admin-Navigation view
- ROBERT SPRINT 6: Tested & documented payment view
- KAMIL: Cleaned up the code:) fixed scrollbars, CREATED AN ERROR LABEL for a problem: two of the same extra for one item

today

- LAURA: make proxy, start having ideas for documentation, outline, etc
- KAMIL: fix extraInItemInOrder order detail view - fix so that the extras appear correctly for each item.
- ROBERT: class diagram (big boy)

problems

- LAURA: sleep deprived (but functioning)
- ROBERT: overwhelmed by view controllers (but will manage)
- KAMIL: is god
