

- *What work did you complete yesterday?*
- *What have you planned for today?*
- *Are you facing any problems or issues?*

KAMIL: Corrected all the views with a table -> put ItemProperty instead of Item (good bc its observable and follows mvvm), focus on IMPLEMENTATION

ROBERT: Implemented remove Item DAO -> finished one product backlog item about removing item

LAURA: Made barista view, made Order Detail view, they both have functionality:)

—

today

KAMIL: merge branches, finish functionality -> polish itemproperty for removing item from product list, start documenting

ROBERT: ^^^^

LAURA: check for minor details missing, merge branches, start documenting

—

problems

KAMIL: afraid of merge

ROBERT: afraid of merge

LAURA: TAP Airlines being stupid, afraid of merge
